**FIRST TIME ASSEMBLY**

1. Install the wheels (see page 9).
2. Install the handle (see page 9).
3. Install the trigger handle storage bracket (see page 9).
4. Connect the spray wand to the trigger handle (see page 9).
5. Connect the high pressure hose to the trigger handle (see page 9).
6. Connect the high pressure hose to the pump (see page 9).
7. Connect your garden hose to the pressure washer (see page 9).

**STARTING THE UNIT**

1. Connect the pressure washer to the power supply. Press the reset button on the plug to make sure the unit is ready for operation (see page 11).

   - If using an extension cord, arrange a drip loop to avoid the possibility of the tool plug getting wet (see pages 2 and 7).

2. Press switch ON to start the motor (see page 11).
3. When finished, press switch OFF to stop the motor (see page 11).

**USING DETERGENT**

1. Pour pressure washer detergent in soap tank (see page 13).
2. Install blue or black soap nozzle (see page 11).
3. Squeeze trigger and wait approx. 5 seconds for detergent (see page 13).

**NOZZLE SELECTION GUIDE**

Use the chart below to determine the correct nozzle for your job.

- **HIGH PRESSURE (NO SOAP WHEN USING THESE NOZZLES)**
- **LOW PRESSURE (FOR SOAP OR GENTLE RINSE)**

<table>
<thead>
<tr>
<th>Turbo Nozzle</th>
<th>Soap Nozzle</th>
<th>Concrete, Brick, Masonry</th>
<th>Siding, Gutters, House</th>
<th>Fencing, Deck, Patio</th>
<th>Lawn Equipment, Boat, RV</th>

**BEFORE STORING THE UNIT**

1. Always add Pump Protector to the unit after each use and before storing. This will significantly improve pump life. (See page 13). Pump Protector is available from your local retailer. For further assistance, call customer service at 1-800-860-4050.

To add, follow the instructions provided by the pump protector manufacturer.

Make the most of your purchase! Go to www.ryobitools.com and register your new tool online. For questions about operating or maintaining your product, please call 1-800-860-4050.
