**WARNING:**
This Quick Reference Guide is not a substitute for reading the operator’s manual. To reduce the risk of injury or death, user must read and understand operator’s manual before using this product. All page references refer to the operator’s manual.

**FIRST TIME ASSEMBLY**

1. Raise the handle (see page 7).
2. Install the trigger handle holder, spray wand holder, and hose storage (see page 7).
3. Connect the spray wand to the trigger handle (see page 7).
4. Connect the high pressure hose to the trigger handle (see page 7).
5. Connect the high pressure hose to the pump (see page 6).
6. Connect your garden hose to the pressure washer (see page 6).

**STARTING THE UNIT (COLD START)**

1. Add fuel (see page 10).
2. Turn the fuel valve to ON (see page 10).
3. Put on/off switch in ON position (see page 10).
4. Allow engine to run for several seconds, then move choke to RUN position (see page 10).
5. Squeeze the trigger to relieve air pressure. Hold the trigger until a steady stream of water appears.
6. Pull starter grip and rope to start (see page 10).

**NOTICE:**
Do not use E15 or E85 fuel in this product. It is a violation of federal law and will damage the unit and void your warranty. Only use unleaded gasoline containing up to 10% ethanol.

This is a 4-cycle engine. Do not mix fuel and lubricant together.
Mix fuel stabilizer with gasoline according to manufacturer’s directions prior to filling the tank.

**USING DETERGENT**

1. Pour pressure washer detergent to soap tank (see page 12).
2. Install nozzle and rotate selector to blue or blue setting (see page 11).
3. Squeeze trigger and wait approx. 5 seconds for detergent (see page 12).

**NOZZLE SELECTION GUIDE**

Use of soap nozzle will activate soap injector at a 20:1 dilution ratio.

- Will damage your pump
- Will void your warranty
- Will damage plants/shrubs

**BEFORE STORING THE UNIT**

Always add Pump Protector to the unit after each use and before storing. This will significantly improve pump life. (See page 13)

Pump Protector is available from your local retailer. For further assistance, call customer service at 1-800-860-4050.
To add, follow the instructions provided by the Pump Protector manufacturer.

**NOTICE:**
Do not use E15 or E85 fuel in this product. It is a violation of federal law and will damage the unit and void your warranty.

Only use unleaded gasoline containing up to 10% ethanol.

**RESTARTING THE UNIT (HOT RESTART)**

1. Pull starter grip and rope to start (see page 10).

If the engine does not start:
- check for enough fuel;
- may need to adjust choke position;
- try starting again.

**DO NOT OVERTILT THE UNIT!**
